

CHENILLE WOVEN - ALGAE

SGWFABCNAL
$366.00

An earthy green, our Chenille Algae brings natural depth to an interior. Long associated with 1970s and 1990s interiors, chenille has a rich history as an upholstery fabric. Woven in a traditional, family-run mill from 100% cotton, this version has a soft, dry handle and matt finish, making it a characterful choice for upholstery and a natural partner to botanical prints and warmer, more muted tones.

All the fabrics in our woven collection are made in the UK to the OEKO-TEX STeP standard, which certifies environmentally friendly and socially responsible production processes.

Dimensions: W126cm

Lead Time:
Upto 6 weeks if not in stock

Material: 100% Cotton

Production: Woven
