

GENEVIEVE WOVEN ORIGINAL

SGWFABGENO
$480.00

The hero design in the Wovens collection, Genevieve encapsulates the Salvesen Graham aesthetic. Featuring a palette of greens, blues & reds within an organically repeating paisley motif inspired by a 19th-century French archival textile design. The scale of the pattern naturally lends itself to larger pieces of upholstery such as headboards, sofas or an ottoman.

The fabric has a natural composition with the addition of flax as well as a premium handle and weight, ensuring all fabrics in the collection are incredibly usable as both upholstery and drapery. All the fabrics in our wovens collection are made in the UK to the OEKO-TEX STeP standard which certifies the manufacturing process for environmentally friendly and socially responsible production facilities.
